## Premium Dynamax Soft Medicine Balls

## **BSTDYN(size)** **Dynamax Soft Medicine Balls**

Body-Solid Tools Premium Dynamax Soft Medicine Balls are non-bouncing, impact-absorbing, soft-feel medicine balls designed to excel in heavy-use and group fitness facilities.

Available in 11 different weights (4-30 lbs.), Body-Solid Tools Premium Dynamax Soft Medicine Balls are 14" in diameter and feature a heavy-duty, vinyl-coated nylon cover. These medicine balls are scuff resistant and will hold their shape even after repeated usage. The soft-shell design is constructed to absorb impact for a comfortable and friendly feel during high-velocity workouts.

The Body-Solid Tools Premium Dynamax Soft Medicine Balls are made in the USA and carry a two-year commercial warranty.
