## **BSTFR36H**

### **36" Foam Roller Half Round**

The Body-Solid BSTFR36H 36" Half-Round Foam Roller offers a rock-solid foundation for clinical rehabilitation and core-strengthening movements that traditional rollers cannot match. The 6" diameter profile is engineered to masterfully target muscle groups, breaking up stubborn scar tissue to accelerate recovery and enhance total-body flexibility.

### **Special Features**

- 36" Length
- 6" Diameter
- Half Round
