EXM3000LPS

Selectorized Multi-Station Gym

This multi-station workhorse provides health club quality strength training for multiple users simultaneously. The EXM3000LPS features a multi-function Press Arm Station for bench press, incline press, shoulder press and chest supported mid-row exercises. The fully-adjustable Pec Station with dual overhead cams has six incremental settings per arm providing variable starting positions. The thick, durable DuraFirm pads are contoured for lumbar support delivering the most comfortable workouts you will ever experience. Both 210 lb. weight stacks are within easy reach for a quick, safe weight selection. The Leg Press Station operates on a 2 to 1 weight ratio giving the EXM3000LPS the awesome capacity of a 420 Lb. leg press! The non-slip, rubber encased foot plate is constructed of heavy-gauge steel for safe operation during the most intense workouts.

Weight: 940 lbs.

Dimensions: 89"L x 72"W x 84"H
