G9S

Double Stack Gym with Leg Press

This multi-station workhorse provides health club quality strength training for two people simultaneously. The G9S features a multi-function Press Arm Station for bench press, incline press, shoulder press and chest supported mid row exercises.

The Perfect Pec™ Station with fully adjustable range of motion allows users to achieve deeper muscle penetration for faster, more defined results.

The Leg Press/Calf Press Station operates on its own separate weight stack, with a 2 to 1 weight ratio, giving the G9S the awesome capacity of a 420 lb leg press.

Includes: Lat bar, Straight bar, Ankle Strap, Ab/Triceps Strap, Body-Solid Total Body Workout™ DVD, Full-size exercise chart

Weight: 964 lbs

Dimensions: 89" L x 72" W x 84" H

Special Features

- Two 210lb. Selectorized Weight Stacks are upgradable to two 260lb. stacks
- The multi-grip press arm features 3 pair of handgrips to work muscle groups from various angles
- Premium Leg Press works off it's own Weight Stack, on a 2:1 ratio and has commercial grade, precision engineered pillow block bearings
