GDCCRACK

GDCC Accessory Rack

Rack up organization and functionality with Body-Solid's multi-tasking GDCC Accessory Rack! From a convenient place to hang your towel to a sturdy support for stretching routines to a graspable handle to brace for leg exercises, the GDCC Accessory Rack is an indispensable addition to your Body-Solid GDCC200 or GDCC210 Functional Trainer. The GDCC Accessory Rack slides right down over the crossbar and locks into place with a simple two-bolt installation. 4 specially angled pegs provide convenient, easy organization for gym accessories, and it's backed for a LIFETIME of use by the best warranty in the industry.
