

GLM85B Body-Solid Lat Machine

Body-Solid®
Built for Life

Pictured with 210 lb. weight stack

GLM85B Lat Machine

Sculpt a stronger, more defined back with the versatile, space-saving Body-Solid GLM85B Pro Lat Machine.

The GLM85B's high-low pulley system eliminates cable changes, allowing users to switch from several exercises more easily and efficiently.

This machine comes standard as a plate-loaded unit, or upgrade the GLM85B to a selectorized 210 lb. or 310 lb. weight stack.

Special Features

- High and low pulley no cable change design
- Plate loaded or 210lb. Selectorized Stack
- Includes Lat Bar and Low Row Bar
- Light Commercial Rated

Warranty

Frame & Welds Lifetime
