Body-Solid Leg & Calf Press Attachment

Body-Solid[®]
Built for Life

GLPB
Leg & Calf Press Attachment

The GLPB Leg Press Attachment doubles resistance with a 1:2 weight ratio, using a dual-beam design and pivoting plate to eliminate ankle stress while targeting quads, glutes, and hamstrings. Engineered with commercial-grade bearings and an oversized non-slip plate, it's a great addition to Body-Solid G-Series home gyms.

Special Features

- Rubberized oversize footplate
- Double beam design eliminates ankle stress and provides consistent resistance through range of motion
- Commercial grade, precision engineering block bearings
- 1:2 ratio
