GMR20

Medicine Ball & Wall Ball Rack

Maximize your gym organization with the Body-Solid GMR20 Medicine Ball & Wall Ball Rack. This rack accommodates up to 10 medicine balls with a diameter of up to 16", ideal for storing wall balls, soft medicine balls, regular medicine balls, slam balls, dual-grip medicine balls, and more. The GMR20's robust all-welded foot caps ensure that it is both durable and dependable, while the 46 lb. overall product weight makes it portable and lightweight. As a Commercial-Rated product, it is an excellent choice for small and large fitness facilities and gyms. Additionally, the GMR20 comes with Body-Solid's exceptional In-Home Lifetime Warranty, making it the perfect addition to any home, garage, or basement gym.

Weight: 46 lbs.

Dimensions: 26"L x 26"W x 56"H
