Body-Solid®
Built for Life

GPR370 Olympic Multi Press Rack

Designed with an extra-wide 4-point stance, the GPR370 Olympic Multi Press Rack is a rock-solid performer that features a 7° reverse pitch that accommodates your body's natural lifting path. Lift-off and safety positions are right where you want, so racking the bar is always comfortable and predictable. Perform squats, calf raises, lunges, dead-lifts, upright rows, and many, many more power building exercises. For increased workout capacity, add any freeweight bench and do bench, incline, decline, and shoulder press routines. If you are looking to bulk up and build power, or simply to tone your muscles and increase performance, the Multi-Press Rack is definitely the foundation of the ultimate freeweight system.
