

GPR370B

Body-Solid Olympic Multi Press Rack

Body-Solid[®]
Built for Life

GPR370B **Olympic Multi Press Rack**

Engineered with a 7° reverse pitch to mimic a natural lifting path, the Body-Solid GPR370B Olympic Multi-Press Rack offers an ergonomic, 1,000 lb. capacity foundation for everything from heavy squats to bench presses. This industrial-strength rack combines a 14-position gun rack with integrated plate storage and oversized safeties, providing rock-solid stability for both home and commercial environments.

Special Features

- Extra-heavy duty 2"x 3" high tensile strength steel mainframe
- 14-position gunrack can handle over 1,000 lbs.
- Includes oversized 17" long safeties constructed from 2"x 3" 11-gauge steel
- Mainframe uprights are set to a 7° reverse pitch
- Features 4 Olympic storage posts
