S2CC Series II Cable Column

The S2CC Series II Cable Column combines the power and durability of Body-Solid's Series II commercial line with a virtually unlimited range of exercise possibilities. The S2CC Cable Column's compact footprint and simple adjustments make it an ideal fit in any home workout space or commercial gym setting. The S2CC Cable Column features a fully-covered, sleek shroud offering both aesthetic and safety benefits. Featuring commercial grade cables and construction, the S2CC Cable Column is designed to withstand even the most strenuous of workouts without compromising effectiveness.
