SDKR500 2-Tier Modular Storage Rack

Perfect for the storage needs of any facility, the SDKR500 2-Tier Modular Storage Rack offers unparalleled flexibility for storage of dumbbells, kettlebells and medicine balls.

Each section has two tiers that can hold any one of four different shelves for small or large dumbbell, medicine ball or kettlebell storage. Mix and match to suit your specific needs. In addition the rack is infinitely expandable for larger facilities with more extensive storage needs.

Dimensions: (each section) 70"L x 32"W x 28"H

Special Features

- Modular storage for dumbbells, kettlebells and medicine balls
- 2-Tier rack
- Mix and match tiers
- Expandable for any size facility
- Heavy gauge oval steel mainframe
- Full commercial rating
