SLE200G2 Leg Extension

The Pro Clubline SLE200G2 Leg Extension has an exceptionally strong mainframe combined with a contoured DuraFirm™ thigh pad and biomechanically exact movement that provide a smooth, solid feel and immediate response. Precise pivot point alignment and center-drive, variable resistance cam design deliver the smooth and powerful response you expect. Recumbent DuraFirm™ back pad adjusts for all-size users and eliminates lower back strain while allowing full range-of-motion. Pop pin adjustable foot pads assure proper alignment. Hold down grips provide ultimate stability for a worry-free workout. No compromises here, this machine was engineered to deliver strength, comfort and safety.

Weight: 437 lbs.
Dimensions: 42"L x 39"W x 72"H

Special Features

- 2" x 4" high-tensile strength steel
