

SPRDBLKIT

Pro Clubline Double Half Rack Kit

Body-Solid®
Pro Club Line

The Double Half Rack Kit Includes:
2 Uprights
4 Side Top Frames
6 Weight Horns

SPRDBLKIT

Double Half Rack Kit

The Body-Solid Pro Clubline SPRDBLKIT transforms two Body-Solid SPR500 Half Racks into the SPR500DBL Double Half Rack. The SPRDBLKIT Double Half Rack Kit allows facilities to combine two SPR500 Half Racks and add six SPRWPH Weight Horns to create a multi-user workout rig.

Body-Solid's SPRWPH Weight Horns offer safe and secure storage of Olympic plates. Measuring 15" long, these horns help keep gyms and facilities clean, organized, and safe.

The SPRDBLKIT is for customers who already own two Body-Solid SPR500 Half Racks for a complete double half rack, we recommend the SPR500DBL instead.

Weight: 167 lbs.

Dimensions: As assembled with two SPR500 Half Racks: 101" L x 85" W x 89" H

Special Features

- Combine two functional half racks in the space of a single power rack
- 3" x 3" 11-gauge steel mainframe
- 6 x 15" L weight horns for safe and secure Olympic plate storage
