by Body-Solid

LED Display Console

User-friendly features with a bright backlight advanced LED console displaying incline, speed, level, time, pulse, program, distance and calories burned. Plus Built-in speakers, a 3.5mm audio input and a built in fan.

T150 Commercial Treadmill

The state-of-the-art Endurance by Body-Solid T150 Commercial Treadmill is among the most durable treadmills on the market today with an industry leading 4HP motor (commercial NEMA 5-20P plug) and several high-level, user friendly features, functions and technology. The standout 4 HP motor is one of the heaviest and most powerful in its class and allows the T150 Commercial Treadmill a speed range of 0.5-12.5 mph. Additionally, the motor has a 7" diameter steel flywheel for a vibration-free running surface. The T150 Commercial Treadmill also offers 0-15% elevation and incline settings for intense workouts. The T150 Commercial Treadmill is constructed with large 2.4" (60mm) diameter sealed-bearing rollers and a wide 60" x 22" running space.

Weight: 285 lbs.

Dimensions: 82"L x 35"W x 52"H
